IBIZAN GINS

# This journey has three colours, three destinations and three ways to take in our “Gin experiences”

## WHICH IS YOURS?

Ibiza gins IBZ Premium Gin, IBZ 48 and IBZ Pink were conceived with an impeccable design inspired by luggage labels for checking in with Ibiza as the destination.

An itinerary that started to develop in 2010 with the research as a route map on which we started to try different botanic combinations of various fruits and aromatics for the elaboration of our first premium gin. It had to be about a flavour that is 100% Ibiza, and contained inside an attractive, high quality, screen-printed bottle.

Gin is a well-known drink in our catalogue of products, as we have been elaborating it for over 80 years, but our idea was to develop this spirit and take a step further. So, we decided to distance ourselves from the whole present concept in the Balearics, and go with a maximum quality product destined for the most select palates.

The design of our gins conveys a lot about their flavour and origin, and are elaborated by means of double distillation in copper stills to give them their exquisite balance and refreshing flavour.

## IBZ Premium Gin

This is how IBZ Premium Gin originated, an indigenous, elegant and rounded gin with the soul of a Balearic peasant farmer and a country spirit. There is much more to Ibiza than just sun and beach; our forests, our trails in rich and green surroundings are the real wealth of those who live on the magical island, which is why our first gin had to replicate its spirit to perfection.

### TECHNICAL ASPECTS

- 38% volume.
- Aromatic / Mediterranean Premium Gin
- Aromatic, floral, herbal.
- Perfect for pairings and gastronomic concepts.
- Characterised by its spicy finish and by a clear predominance of aromatic herbs, especially Ibizan thyme, floral hints and a presence of citrus.
- Elaborated with the purest alcohol from cereals, we distil the juniper berries and add flowers of thyme, fresh rosemary leaves and citrus shells to obtain a noticeable Mediterranean and Ibizan character, which is typical of the special quality of aromatic plants on the island.

### RECOMMENDATIONS

The perfect gin for savouring as an aperitif, or after a good lunch or dinner.

## IBZ 48 Premium Dry Gin

This is the first Spanish gin with 48% alcohol by volume, and one of the few existing varieties in the world with this alcohol content, Ibizan signature and a unique purity and flavour. It is the perfect drink for real lovers of this spirit, and for those who consider that perfection lies in the absence of complements.

### TECHNICAL ASPECTS

- 48% volume.
- Premium DRY Gin.
- A classic and powerful gin.
- A clean aroma and flavour of juniper berries and lemon and orange peels.
- A Gin balanced in a classic style obtained through traditional double distillation of cereal alcohol with juniper berries and citruses.

### RECOMMENDATIONS

The perfect companion for enjoying a sunset in Ibiza with nothing else other than a good glass and silent surroundings.

**IBZ** | IBZ PREMIUM GIN · IBZ 48 · IBZ PINK

## IBZ Pink Strawberry

This is our mildest and most refreshing variety of gin, as it has a fruitier taste with a strawberry aroma, but without losing any of our essence in the IBZ range with Ibizan character.

### TECHNICAL ASPECTS

- 37.5% volume.
- Premium pink gin with a strawberry flavour.
- Premium distilled gin.
- Obtained through the combination of juniper berries, strawberries and citruses.
- Fruity, mild and refreshing variety by IBZ.

### RECOMMENDATIONS

Can be mixed with fruit pairings, perfectly combines with fresh strawberries, rose petals or with different pepper grains. An alternative, creative and suitable version for all palates, which entices us to completely unwind on everlasting days or magical nights.
